Thank you to our sponsors:

Major forces at work last year have made the labor and unemployment landscape in 2015 more dynamic and unpredictable than in recent years. A volatile political climate, still-sluggish economy and aggressive federal initiatives have left many employers wondering what 2015 holds in store. This roundtable will provide HR Professionals direct answers to some of the most pressing issues of today.

- What do employers need to know now about the Affordable Care Act?
- What does the NLRB's March 18, 2015 report concerning employer rules mean for your business?
- What are the implications of local paid sick leave laws and pending state legislation?
- How will the EEOC's wellness regulations impact your business?

2 HRCI credits will be given

Guest Speakers:

Grace A. Byrd, Associate, Sills Cummis & Gross P.C.

Kenneth A. Rosenberg, Partner, Fox Rothschild, LLP

Frank Ruggiero, Area AVP, Director of Broker Education, Slattery GA, Division of Arthur J. Gallagher & Co
